The Honorable Hal Rogers
Chairman
Subcommittee on State, Foreign Operations,
and Related Programs
House Committee on Appropriations
Washington, D.C. 20515

The Honorable Nita Lowey
Ranking Member
Subcommittee on State, Foreign Operations,
and Related Programs
House Committee on Appropriations
Washington, D.C. 20515

Dear Chairman Rogers and Ranking Member Lowey:

We represent the sponsors, businesses, and industries that recruit, host, and support Exchange Visitor Program participants every year. We thank Congress for protecting the U.S. Department of State's J-1 visa Exchange Visitor Programs in the Fiscal Year 2018 omnibus appropriations bill that was signed into law. Specifically, the State and Foreign Operations Appropriations directive Sec. 7034(d)(5) supports exchange programs that are vital to U.S. national security and economy. We support retaining this directive in Fiscal Year 2019.

The directive contains specific requirements that Exchange Visitor Programs must remain the same as enacted by the Mutual Educational and Cultural Exchange Act of 1961, unless the U.S. Department of State goes through a transparent, formal rulemaking process, actively consults with Congress, and conducts and reports publicly on the impact of any modification on our public diplomacy goals and our economy. Such a regulatory process would allow stakeholders to comment on proposed changes and its impact on our national security and regional economies. Given the recently published Spring 2018 federal regulatory agenda includes pending regulations impacting the Exchange Visitor Program, it continues to be important that a transparent and consultative process exists.

For nearly 50 years, the Exchange Visitor Program has created rich cultural experiences for young people from around the world, expanding America's people-to-people diplomacy at virtually no cost to U.S. taxpayers. This results in lasting diplomatic and national security benefits by improving the perception of the United States. The benefit to U.S. communities is significant as well – for example, a study conducted by EurekaFacts validated that Summer Work Travel participants contributed \$509 million to the U.S. economy in 2016.

As organizations and companies representing industries that value the Exchange Visitor Program, we support Summer Work Travel, Intern, Trainee, Camp Counselor, and Au Pair programs, as well as other cultural exchange programs. We urge you to ensure that these programs are not

eliminated or restricted by retaining Fiscal Year 2018 appropriations directive Sec. 7034(d)(5) in Fiscal Year 2019 appropriations bill.

Thank you.

Sincerely,
