

March 26, 2019

The Honorable Nita Lowey  
Chairwoman  
Subcommittee on State, Foreign Operations,  
and Related Programs  
House Committee on Appropriations  
Washington, D.C. 20515

The Honorable Hal Rogers  
Ranking Member  
Subcommittee on State, Foreign Operations,  
and Related Programs  
House Committee on Appropriations  
Washington, D.C. 20515

Dear Chairwoman Lowey and Ranking Member Rogers:

We represent the sponsors, businesses, and industries that recruit, host, and support Exchange Visitor Program participants every year. We thank Congress for protecting the U.S. Department of State's Exchange Visitor Programs in Fiscal Years 2018 and 2019 appropriations bills that were signed into law. Specifically, the State and Foreign Operations Appropriations directive Sec. 7034(e)(5) supports exchange programs that are vital to U.S. national security and economy. We support retaining this directive in Fiscal Year 2020.

The directive contains specific requirements that Exchange Visitor Programs must remain the same as enacted by the Mutual Educational and Cultural Exchange Act of 1961, unless the U.S. Department of State goes through a transparent, formal rulemaking process, actively consults with Congress, and conducts and reports publicly on the impact of any modification on our public diplomacy goals and our economy. Such a regulatory process would allow stakeholders to comment on proposed changes and its impact on our national security and regional economies. Given the published Fall 2018 federal regulatory agenda includes pending regulations impacting the Exchange Visitor Program, it continues to be important that a transparent and consultative process exists.

For 50 years, the Exchange Visitor Program has created rich cultural experiences for young people from around the world, expanding America's people-to-people diplomacy at virtually no cost to U.S. taxpayers. This results in lasting diplomatic and national security benefits by improving the perception of the United States. The benefit to U.S. communities is significant as well – for example, a study conducted by EurekaFacts validated that Summer Work Travel participants contributed \$509 million to the U.S. economy in 2016.

As organizations and companies representing industries that value the Exchange Visitor Program, we support Summer Work Travel, Intern, Trainee, Camp Counselor, and Au Pair programs, as well as other cultural exchange programs. We urge you to ensure that these programs are not eliminated or restricted by retaining Fiscal Years 2018 and 2019 appropriations directive in Fiscal Year 2020 appropriations bill.

Thank you.

Sincerely,
